

NEW NORDIC INTRODUCING:

MILLEZIN®

NATURAL BEAUTY THAT COMES FROM WITHIN

Millet Highly bioactive polysaccharides extract for hair and skin care.

MILLEZIN® is specially dedicated to support hair and nails growth and strength from within, and to improve elasticity and firmness of the skin in cosmetics formulation. Due to its ability to improve healthy renewal of the skin barrier, it acts as an anti-aging agent and also helps to effectively fight against skin imperfections.

EXTRACT DESCRIPTION:

- Millet dry extract characterized by a unique combination of Highly Bioactive mono and polysaccharides.
- Based on an Organic Millet (*Panicum miliaceum*) grown and extracted in France.
- A green, safe and specific aqueous extraction process of an 80% defatted millet press cake as raw material.
- Miliacin content > 0.05%.
- Rich in numerous mineral salts and trace elements such as iron and silicic acid.
- 2 years naturally stable shelf life.
- Available for dietary supplements and cosmetic formulations. Gluten free.
- Use level in cosmetics formula: 0.5 to 3%.

MILLEZIN® IS WELL SUITED FOR:

- Haircare
- Anti-aging skincare
- Nutritionnal cosmetics
